

## PREFACE

This supplement to the King County Code provides codification of all ordinances passed through Ordinance 14858 passed on March 29, 2004.

Original codification of the King County Code in 1972 and subsequent supplements were compiled, edited and indexed by Book Publishing Company under direction of the King County Council. In 1981, the King County Council began the codification of the Code, including preparation of an index and resolution and ordinance lists which contains the resolution or ordinance number and its location, if codified, in the Code. In 1999 a section indicating the disposition (repeal or decodification) of former K.C.C. sections was added.

The Code is organized by subject matter under an expandable three factor decimal numbering system. Each section number designates, in sequence, the numbers of the title, chapter and section. For example, K.C.C. 11.04.030 is section .030 located in chapter 4 of title 11. Some vacant numbers have not been used in order to accommodate later additions to the Code.

Each section of the Code is followed in parentheses by a legislative history identifying ordinance sources for the provisions of the section.

This version of the King County Code is certified to comply with the current requirements of the King County Council.
